

# Arizona State Legislature

1700 West Washington

Phoenix, Arizona 85007

June 15, 2009

The Honorable Janice K. Brewer  
Governor of Arizona  
1700 West Washington Street  
Phoenix, Arizona 85007

Dear Governor Brewer:

We are in receipt of your letter from earlier today. We share your concern that the discussion continues to move forward and we appreciate the hard work you and your staff are putting into reaching an agreement on the budget. At this time, our ongoing discussions—though productive—have not yet produced an agreement.

You have inquired after the budget bills that were passed earlier this month. Please be assured that the bills will be presented to you in the current legislative session. As you know, the bills have been an important part of our discussions so far. We believe it is premature to transmit the bills when we have not yet reached a consensus.

We are eager to continue the discussion and hopeful that we will reach an agreement on a balanced budget that will benefit our State during this time of economic crisis.

Sincerely,
